The CPC application forms for use in 2013-2014 were approved by a vote of 7-0-0.

After discussion on the subject of how to cancel a project approved by the Committee and by Town Meeting if it is not begun in a timely fashion, the CPC, by motion duly made and seconded followed by a vote of 7-0-0, approved the requirement of inserting a final commencement date to all future projects receiving Committee approval and that such a clause would be added to the warrant article covering each project.

The CPC reviewed the finances of the Committee, noting that the Commonwealth would be sending it additional funds this fiscal year and perhaps in future fiscal years as the result of legislation passed earlier in the year.

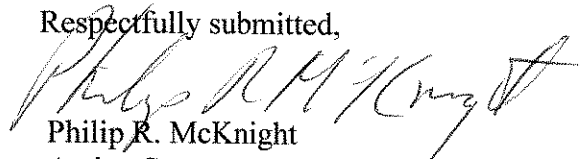

At 8:05 PM Mr. Reinhardt was excused and left the meeting.

Tom Shelton of Higher Ground advised the Committee that either his committee or another working for affordable housing in the Town would come to the CPC with an application for \$100,000.
